

Give yourself another Chance, you deserve it

EMMANUEL SECOND CHANCE EDUCATION PROGRAMME

The Emmanuel Second Chance Education ("ESCE") Programme is one of the several life-changing programmes through education run by the Catholic Welfare Services, Singapore.

Benefits of the ESCE Programme

The primary objective of the ESCE Programme is to provide financial assistance, and journeying with persons who have faced some adversity in their lives and desire a second chance at a brighter future by continuing their education at a college, university, vocational or technical school.

There are no pre-specified restrictions on the type of course, the learning institutions or the age limits imposed on the applicants. The Board of Trustees will exercise its discretion on the suitability of the proposed course of study and the applicants based on how likely the individual applicant would benefit from the Programme.

The scholarship and training awards are subject to annual review and renewal.

A differentiating feature of the ESCE Programme is that besides receiving financial assistance, participants of the Programme will be automatically signed onto the CWS-ESCE Mentoring Programme under which each participant will be assigned a personal mentor/counsellor who will journey with him or her throughout the duration of the programme. Recipients of the ESCE awards are required to participate fully in the CWS-ESCE Mentoring Programme and such participation will be considered in the annual review of the awards.
